Purpose

The Ayer Police Department is proud to announce another Citizen Police Academy. Today's society presents the police with complex social problems that require a team effort to resolve. A key member on this team is **YOU**, the citizen. We must work together to find creative and effective solutions to make Ayer a better place to live and work. **"Community Policing"** is this partnership. One step in this process has been the formation of local **COMMUNITY POLICE ACADEMIES**. The object of the Citizen Police Academy is to build a bridge between the police and the community they serve. We hope this Citizen Police Academy will bring about an increased awareness of what being a police officer entails in today's society as well as increased awareness by the police to community issues and problems.
