    - Mark will be issuing newsletter after July 1.
  - Did you know annual stats published on Facebook
    - Huge response. Over 500 people saw the posting.
  - TS hours survey
    - Surveyed transfer station hours of Mass drop-off towns of similar size. Submitted findings to annual town meeting and to board of selectmen. Discussion has ensued at two subsequent BOS meetings. BOS plans to survey residents to obtain a wider set of opinions on the topic.
  - Library/Terracycle discussion
    - Janice will ask Pam Martin if we can have a corporate account so we can use the proceeds of printer ink recycling at Staples. If not, she will check with library to see if they have/can open a corporate account.
2. RYR plans
  - Laurie will talk to Janice about fundraising.
  - Volunteers: posters, Town Hall employees, town recycling committees. What kinds of incentives can be offered?
  - The future of RYR was discussed. With the new laws in China hitting American recycling so hard, vendors are much less willing to attend this year.
3. Next meeting
  - Dan will let us know his availability in September
