Director's Report submitted by
Karin Dynice-Swanfeldt
January 2020

- The month of January was a very cold, snowy month for all!!! January is a bit quieter for us here at The Center after how busy we are during the holiday months. This month gives us all time to regroup for the up-coming months and activities.
- This month we will continue with the Fuel Assistance program. This is a free program but folks must set up their appointments through the Fuel Assistance Office in Fitchburg MA. We have the phone number available to give to folks in need of an appointment.
- All monthly bills paid on time
- All monthly reports written and submitted on time.
- All monthly meetings were attended.
- All of my responsibilities as the COA Director have been fulfilled.
- Our AARF Tax Program which is FREE is taking shape. We will have two accountants from AARP here every Tuesday beginning February 4th. All appointment are almost FULL. This is a very busy program for 60+ers and is top quality. I am so please we can still offer this program to our folks.
- I am continuing to work forward with the feasibility team on creating our new Center. All the information has been collected from our September meeting and we await the process of another meeting. This is a very important project and the process is a long one but we are moving forward. 2020 should be an exciting year for everything and everyone!
- We held a winter craft afternoon to make the cutest glass snowmen. We are hoping the more activities we offer the more people will join in the fun. SO every month we will have crafty activities for all to do for FREE.
- There are many upcoming trips, activities and events planned through July 2020. They are listed in the monthly newsletter, town paper, Action Unlimited, town website and posted at The Center. These are all planned with what people have asked for us to bring to The Center.
- We have had a few people stop in looking for help with the 2020 Census. I am glad people are paying attention to this important document and turning them in.
