

NATIONAL PUBLIC WORKS WEEK

MAY 20-26, 2018

**Public Works Week** acknowledges the role public works professionals play in keeping Ayer safe and functioning smoothly

The DPW's wide array of services continuously and directly impact the quality of life of every Ayer resident and business- 24 hours a day, seven days a week, the year-round, and year after year.

These services affect public health, safety, education, as well as more subtle aspects such as economic vitality, and the aesthetic appeal of our town.

It is with great pride that our employees diligently and consistently provide these valuable services for our Town.

# Ayer DPW Works for You

- Clean and safe drinking water every day
- Collection of your wastewater
- Safe and smooth roads
- Best snow plowing around
- Solid waste disposal and recycling at the transfer station
- Maintain and clean the drainage pipes to prevent flooding and keep Ayer's ponds clean
- Mowing, street sweeping, new signs to keep Ayer looking great

# What Did We Do Last Year ?

- Completed Pleasant Street Reconstruction
- Completed Spec Pond Replacement Well
- Replaced drainage system and repaved road and sidewalks on Washington Street
- Repaved New England Way
- Constructed Stormwater BMPs/ Rain Gardens at 3 locations

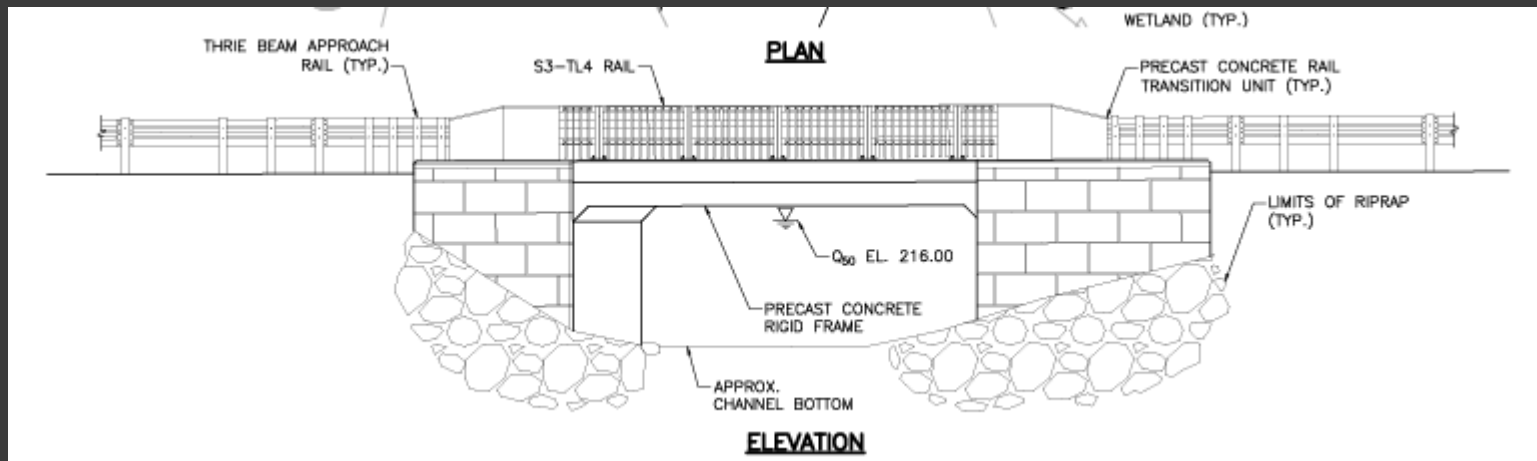

- Completed Water Main loop from Sandy Pond Rd to Wright Road
- Replaced old water services on Snake Hill Rd
- Constructed DPW Operations Center
- Replaced Streetlights with LED lights (65% energy savings) – Paid for with Green Community Grant
- Started construction of Dog Park (opening in June!)

- Started first year of Ayer DPW YouthWorks Program
- Designed West Main St Bridge (ready to go to bid)
- Completed Phase 1 of Sewer System Evaluation
- Started construction of Ayer Dog Park
- Designed and Bid Phase 1 of wastewater treatment plant upgrade

# What is Planned for This Year
