## MONTHLY REPORT SELECTMEN FIRE DEPARTMENT JULY 2014

- In July a Federal Grant amendment was submitted to the Assistance to Firefighters grant program. In accordance with the rules for the Assistance to Firefighters grant program, unused funds from the original grant award can be used to purchase items in a related category that the original grant was written to fund. Due to a competitive bid process in the original grant there was \$46,121.50 in remaining funds to be used. Several items were purchased with these remaining grant monies; to include a new thermal camera and other related safety equipment. (list attached)
- A life Pac 15 Cardiac Monitor was purchased for the Ambulance using money that was voted as a capitol purchase at the ATM. This machine is used by the Paramedics to capture heart rhythms, pulse O2 levels, CO2 levels. It has the capability of transmitting the information blue tooth and can be captured into the patients' record in our new AmbuPro ambulance reporting software. This equipment is state of the art and will serve the Towns people well.
