## DEPARTMENT OF PUBLIC WORKS

Mark L. Wetzel, P.E., Superintendent Daniel Van Schalkwyk, Town Engineer Pamela J. Martin, Business Manager

25 BROOK STREET AYER, MASSACHUSETTS 01432 T: (978) 772-8240 F: (978) 772-8244

## MONTHLY REPORT

April, 2016

Below is a summary of the Ayer DPW's operations for the month of April. In addition to the items below, there are many ongoing projects in various stages that the DPW staff are involved with. If additional detail or information is needed, please let us know.

#### **Engineering and Administration**

- Implement Maintenance Edge for WWTP, Spec Pond WTP and Grove Pond WTP
- Working on GIS mapping and condition assessments of drainage and sewer system
- Active involvement in Comprehensive Plan Committee
- Opened bids for West Main Street Pumping Station
- Prepared and submitted request for Complete Streets Planning Study to MassDOT
- Held design team Kick-off meeting for Ayer Dog Park
- Completing the design of Water Division Garage
- Working on bid documents for Fuel Station Canopy
- Construction coordination for Pingry Hill Water Tank
- Received bids for Pleasant Street CDBG grant improvement project
- Received bids for 2016 through 2018 Road Paving Spec
- Designed a received bids for Installation off Cellular RTUS for Wastewater Pumping Station
- Managed meter upgrade project including scheduling and computer account changes
- Quarterly water and sewer bills were prepared and sent out for 3 routes
- Reviewed and responded to questions and issues related to water and sewer bills
- Reviewed several subdivision / site plans for the Planning Board
- Processed and approved Road Opening Permits, Trench Permits and Water & Sewer Connection Permits

#### Highway / Stormwater Division

- Repaired pot holes and shoulders throughout town
- Installed new signs at various locations in town
- Completed spring street sweeping throughout Town
- Repaired 4 catch basins
- Mowed Police Station, Town Hall, Rotary, Sandy Pond School and other areas in Town
- Winterized plows, sanders and other snow/ice related equipment
- Video inspections of Devenscrest, Washington Street and Pleasant Street drains
- Performed beaver dam debris removal at the usual locations
- Repairing street sweep and mowing equipment
- DPW garage / facility maintenance
- Equipment and vehicle maintenance
- Trash and recycling pickup at numerous locations in town

#### Page 2 DPW April 2016 Monthly Report

• Completed DIGSAFE mark-outs

### Water Division

- Began construction of East Main Street Water & Sewer Improvements
- Bagan Spring flushing
- Added data to H2O Water Reporting software and submitted reports to MADEP
- Maintenance of chemical feed systems at Grove Pond WTP
- Maintenance of chemical feed systems at Spec Pond WTP
- Completed alarm upgrades at Spec Pond WTP
- Continued radio water meter installations throughout Town
- Completed required DEP monthly coliform and chlorine sampling
- Completed meter readings and assisted customers with leak evaluations and dirty water issues
- Completed DIGSAFE mark-outs
- Normal water treatment duties including daily testing and reports, chemical adjustments, equipment maintenance

# SUMMARY OPERATIONS REPORT FOR AYER DPW WATER DIVISION

Month/Year: 2016-04-01 To: 2016-04-30 PWS NO.: 2019000 Submitted By:

Detail/Description	Values					
Pump and Flow Information	Total	Average	Maximum	Minimum	Days	Hours
WTFGP - Backwash	3,859,000	128,633	195,000	0	30	0.00
WTFGP - Raw Water	24,312,000	810,400	1,389,000	61,000	30	0.00
WTFSP - Raw Water	14,446,000	481,533	1,133,000	0	30	0.00
Chemical Feed Information	Volume/Weight	Pounds	Avg Dosage (mg/L)			
KMnO4 - WTFGP	902.00	216.48	1.17			
Water Quality Information	Chlorine Analyzer (Free)	Iron (Total)	Manganese (Total)	pН	pH Analyzer	Turbidity
WTFGP - Raw Water					7.469	
WTFGP - Finished Water	0.293	0.018	0.031		7.148	0.045

Wastewater Division

•

- All NEPS permit requirements were in compliance for the month of March
- Total flow for the treatment plant was 46.9 million gallons with an avg. of 1.52 mgd
- Contractor hauled 13 loads of sludge.
- Installed flow metering devices in 6 locations for I/I analysis
- Implemented Mobile 311 into daily Pumping Station maintenance
- Implemented Maintenance Edge into WWTP maintenance work orders
- Working with CDM-Smith on WWTP asset management study (DEP Grant)
- Completed Green Communities META Grant for WW pumping operations
- Performed mechanical maintenance on two pump stations, including pulling pumps and inspecting bearings and seals, plus replacing vacuum lines and cleaning or replacing globes.
- Washed down secondary clarifiers and cleaned UV system.

Page 3

DPW April 2016 Monthly Report

- Jetting and cleaning of sewer blockage at various locations in town
- Performed daily inspections of wastewater pumping stations
- Performed daily operations, laboratory testing and reporting for WWTP
- Completed DIGSAFE mark-outs
- Completed and submitted Monthly Operations Report for DEP and EPA

### Solid Waste Division

- Normal transfer station operations including site clean-up, organization and monthly reports
- Leaf hauling to brush dump / compost area off Bishop Road
- Coordinated solid waste / recycling disposal including waste oil, scrap metals, textiles

						Littleton Rd on the Town of Littleton's end the water is
0	Littleton Rd-2A	Culvert/Swale Cleaning	djaspersen@ayer.ma.us	2016-4-25 06:59		flowing nicely.
						Bryan C responded to a call from the homeowner at 5
						Grovesner St who said he had slow drainage. Bryan used the
						metal detector to locate the clean out on the property which
						was buried under 8"s of soil, he then opened it and showed
						the homeowner there was no backup in the cleaout. Bryan
						also opened the manhole in the street which was also
						flowing good and both Bryan and the homeowner agreed the
						problem was in between the house and the clean out. The
						homeowner asked Bryan if the town was responsible for the
						repairs and Bryan explained to him that the town is only
						responsible from the clean out to the street and told the
						homeowner he would have to contact a licensed plumber or
					Resident called slow	sewer service repair contractor and they could further assist

					Still have on and off again	
0	Main pumping station	Daily Inspection	rhudson@ayer.ma.us	2016-4-11 01:49	communication failure	
						We've still been having communication failures in Main and
						Central ave pump station since 2/17/2016 where it would
						come in and out at all hours. We have called Verizon (and
						total hours of on the phone with them has been 12 hours)
						we had techs out testing lines and saying they have good
						strong signals. Rick and Dave have also called Jason Roach of
						NSC and received his advise on what could be wrong and he's
						adamant about its the phone lines. We have changed the modem at Main pump station and still having the same
						problem. Verizon came out and tested the lines but they
						tested the lines to Devin's and not the Main and Central ave
0	Main pumping station	Building Maintenance	rhudson@ayer.ma.us	2016-4-11 01:49		lines.
