Radio Follow-up: All plans are on hold until a funding source can be located to complete the project. It was anticipated that the use of UDAG funding would be sought but with a moratorium placed on this source it is not available. We made a presentation to the BOS this month that we will also be presenting to Fall Town Meeting for their consideration on funding. In the mean time we continue to be plagued with radio functionality and reception issues that continue to mean an unsafe working environment for the officers. A family of rats decided to build a nest in our warm radio equipment at the tower and to pass the time they chewed through some of our wiring. We hope to put an end to such incidents through the installation of a secure building.

September 2016 Monthly Report

The BOS appointed Erin McNulty to the position of Dispatcher this month completing the filling of all full-time positions. Erin will attend the Dispatch Academy for the rest of the month and graduate in October. We are still without a part-time and several per-diem Dispatchers.

I attended a meeting of the NW Middlesex COIN (Community Outreach Initiative Network) Collaborative this month. Plans are still ongoing to bring this service to all the communities involved but it will begin now in Pepperell. Several Officer trainings will be scheduled in the months to come.

A yearly State mandated cells/cell block inspection was conducted early this month. The Department was found in compliance with all State regulations.

We conducted the first of four lockdown drills at all the schools this month. Generally this first drill catches those who have forgotten procedures and those that are new but this time all the kids did a great job leaving us nothing to be critical of.

I attended a seminar on Effective Community Engagement on the 15th and took away some great information on interacting with communities that I hope to bring to our Town in the near future.

At the end of the month I attended a 2-day Chief's Conference where we received training on a variety of subjects. Though all topics were useful I found Effective Interventions with Individuals with Alzheimer's and Dementia and Officer Wellness/Suicide to be the most information packed.

Other training attended by Department members included:
