- In February Call Firefighter Tyler Schwabe started Call Volunteer Firefighter I/II training at the Massachusetts State Fire Academy in Stow. This class meets two weeknights and both weekend days each week ending the last week in June. Basic firefighting skills are taught by state certified instructors. Certifications are gained in hazardous materials and firefighter I/II meeting national requirements. This class is offered free at the Fire Academy to all members of fire departments in the State. The Town is lucky to have had several members of this department participate in this training and become certified firefighters. It is a large commitment in time for the participant.
