MONTHLY REPORT SELECTMEN FIRE DEPARTMENT JUNE 2017

- June 20th the department participated in a Mass Casualty Drill. This is an annual requirement for the department and Nashoba Valley Medical Center to fulfil a requirement on a Department of Public Health grant for mass decontamination. The drill was held in Shirley with participation from surrounding communities. A mock scenario of a ruptured fuel tank and victims contaminated. The department is part of a State wide plan for mass decontamination and is tasked to set up at Nashoba Valley Medical Center and keep the emergency room from being contaminated. (pic attached)
