## MONTHLY REPORT SELECTMEN FIRE DEPARTMENT JULY 2019

- July 2<sup>nd</sup> a purchase order was placed with Greenwood Emergency Vehicles for the purchase of the new Fire Engine that was secured through the Capital Planning process and a Capital Debt Exclusion for the FY-20 budget. The new engine will take about one year to build. The process of building a new custom pumper starts with a committee to decide what is needed. The committee for this truck consisted of Captain's Fillebrown and Januskiewicz, Lieutenant Bozek, Firefighter Paramedic Hurley and Chief Pedrazzi. Many meetings were held with representatives from the fire apparatus manufacturer. In the end the Town will acquire a custom pumper designed to the specification that our Town requires. The end result is having a piece of apparatus that will serve the Town for twenty years plus. The bid for the truck does not include equipment. The equipment is also selected by the committee. The most cost effective way to get the equipment is not to purchase it through the fire truck manufacturer but to source it from individual vendors. Selection and pricing of equipment for the new truck is underway. The department thanks the Selectmen and Town Residents for their support during this process.
- Ambulance calls July- 141
- Fire calls July - 66
- Ambulance receipts July \$45,421.68
- Permit receipts July \$1,170

Respectfully submitted:

Robert J. Pedrazzi  
Fire Chief / Emergency Management Director
