MONTHLY REPORT

November 2022

Below is a summary of the Ayer DPW's operations for the month of November. The Ayer DPW provides critical essential services to the Town of Ayer including water supply, wastewater collection and treatment, road safety, solid waste disposal, vehicle and equipment repairs and business operations.

Below is a summary of our monthly work project status and a summary of monthly work orders completed.

Engineering and Administration

- Working on 25% Main Street Transportation Improvement Project Design.
- West Main Street (MassWorks Grant) construction continues.
- Subdivision inspections – Woodland Way, Curley Circle, Panther Place, and Littleton Rd.
- Coordinating construction of East Main Street Upgrade (MassDOT), punch list
- Construction management for Spectacle Pond Wellfield PFAS Treatment Plant. PFAS Treatment became operational in July 2022.
- Continue WWTP Phase 3 Upgrade (biosolids dewatering and waste pump upgrades)
- Implementing plan to operate Woodlawn Cemetery, general maintenance performed, building Cemetery Management Software. Commission met on November 28th.
- Continue water meter upgrades
- Processed and approved Road Opening Permits, Trench Permits and Water & Sewer Connection Permits.
- Continued Stormwater Asset Management Grant implementation – report completed, preparing presentation for future SB meeting
- Continue implementing SmartGov permitting software build
- Zoning Board Reviews: 65 Fitchburg Road
- Continued assisting with Kiddie Junction Playground Replacement, construction for Phase 1 demo
- Begin selling transfer station stickers for CY2023
- Rate Review Committee recommend and SB voted Transfer Station Rates
- Assisting Conservation Commission with public access to Flannagan Pond project
- Continue Main and Central Ave Pump Station Valve Replacements
- Continue Main St lights project – materials ETA early 2023
- Continue assisting Senior Center location work group
- Continue planning activities to demo old dog pound
- Construction of Spectacle Pond Transmission Main Replacement – construction ongoing
- Assist PACE and Silent Springs with water modeling and historic information for the public health study
- Replacement of AIX media at Grove Pond WTP – construction ongoing
- Select Board – voted to end non-essential outdoor water ban, received update on mattress and textile waste disposal ban
- Had a Zoom call with MassDOT and Ayer Police to discuss Fitchburg Road traffic, intersection, and speed concerns

- Received proposals for Barnum Road Bridge
- Interviewed candidates and hired Town Engineer who will start January 3rd
- Had internal DPW pre-snow briefing with the entire Department
- Had preliminary discussions with Littleton about interconnection for water supply
- Ongoing capital budget process
