## Ayer Drinking Water PFAS Update

August 31, 2022

The Ayer Department of Public Works will be providing updates regarding the various actions and issues related to the PFAS contamination in Ayer's drinking water. The update will be itemized and in no particular order or priority. If you need additional information or clarification on any of these items, contact Kimberly Abraham at 978-772-8240 or [kabraham@ayer.ma.us](mailto:kabraham@ayer.ma.us).

We continue to sample the water monthly for post- treatment PFAS6 levels and will continue to offer updates on this webpage with monitoring results.

The Grove Pond PFAS Treatment Facility has been active since November 2020.

The Spectacle Pond PFAS Treatment Facility has been active since June 2022.

The results for July and August sampling are as follows:

SUPPLY	DATE	MassDEP PFAS-6 (ppt)
Grove Pond Finished Water	7/20/2022	Non-Detect
	8/11/2022	Non-Detect
Spectacle Pond Finished Water	7/20/2022	Non-Detect
	8/11/2022	Non-Detect

Ayer DPW Water Division Operators and staff will continue to monitor conditions at the facilities and distribution system including the new treatment process, water quality parameters, and system pressures.
